DEPARTMENT OF CONSERVATION AND NATURAL RESOURCES  
**DIVISION OF ENVIRONMENTAL PROTECTION**

333 W. Nye Lane, Room 138  
Carson City, Nevada 89706

April 18, 2005

**NOTICE OF PROPOSED ACTION  
PUBLIC NOTICE**

The Administrator, Division of Environmental Protection, Department of Conservation and Natural Resources, Carson City, Nevada is issuing the following notice of proposed action under the authority of the Nevada Revised Statutes and the Safe Drinking Water Act.

The Administrator has received a renewal application for an Underground Injection Control (UIC) permit, which has been drafted for public comment. Permit #UNEV99206 has been applied for by the following applicant:

D&G Oil Company  
5379 Breckenridge Avenue  
Banning, California 92220

The applicant has submitted a renewal application for an UIC permit associated with the Terrible Herbst #255 (Former D&G Oil Company Texaco Station), 6176 South Las Vegas Boulevard, Las Vegas, Nevada. The application is in response to the past release of petroleum hydrocarbons. The applicant proposes to continue remediation efforts utilizing the injection of a dilute hydrogen peroxide solution into the groundwater. The injectate should facilitate the biodegradation of the petroleum hydrocarbon contamination. Monitoring at the facility will be required to ensure that groundwater is not degraded.

On the basis of preliminary review of the requirements of the Nevada Revised Statutes and the Safe Drinking Water Act, and implementing regulations, the Administrator proposes to issue permit UNEV99206 as stated above.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance or to request a hearing pursuant to Nevada Administrative Code, Water Pollution Control, should submit their comments or request in writing by May 25, 2005 either in person or by mail to:

[Becky Linvill](#)

Division of Environmental Protection  
Bureau of Water Pollution Control  
333 West Nye Lane, Room 129  
Carson City, NV 89706-0851

All comments or objections received within thirty days of newspaper publication will be considered in the formulation of final determinations regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. A public notice of such hearing will be issued not less than thirty days prior to the hearing date.

The application, draft permit, comments received, and other information are on file and may be copied at the office of the Division of Environmental Protection, or copies may be obtained by writing to the above address or by calling Becky Linvill of the Bureau of Water Pollution Control at (775) 687-9503.

Please bring the foregoing notice to the attention of all persons whom you know would be interested in this matter.
